OIPPP – Code Coverage Report

Project	Online Internship & Placement Preparation Portal (OIPPP)
Issue	#82 (Part-3 deliverable)
Measured on	06-11-2026, final `dev` commit
Tools	Server: Jest 29 + Istanbul, mongodb-memory-server. Client: Vitest + @vitest/coverage-v8
Target	QA-4: at least 70% server statement coverage (Test Plan)

1. Summary

Component	Statements	Branches	Functions	Lines
Server (server/src)	96.16% (1254 / 1304)	94.37% (587 / 622)	95.29% (243 / 255)	96.93% (1138 / 1174)
Client (client/src)	43.84% (552 / 1259)	39.85% (393 / 986)	36.99% (155 / 419)	46.57% (462 / 992)

• Server tests: 509 of 509 pass (43 suites). Client tests: 64 of 64 pass (7 files).

• **QA-4 met:** server statement coverage 96.16% is above the 70% target.

• The client has no coverage target in the SRS or Test Plan; its pages are also covered by the system tests in the System Validation Report.

• `index.js` (server start-up) is not loaded by tests; it is exercised by every deployed run.

• Branch detail and the reasons for the remaining missed branches are in the Branch Coverage Report.

2. Server coverage by module

Module	Statements	Branches	Functions	Lines
app.js	100.00% (37 / 37)	100% (0 / 0)	100.00% (1 / 1)	100.00% (36 / 36)
config	80.00% (4 / 5)	86.36% (19 / 22)	100% (0 / 0)	80.00% (4 / 5)
index.js	0.00% (0 / 30)	100% (0 / 0)	0.00% (0 / 8)	0.00% (0 / 27)
middleware	100.00% (85 / 85)	100.00% (46 / 46)	100.00% (16 / 16)	100.00% (72 / 72)
modules/analytics	99.20% (124 / 125)	98.59% (70 / 71)	100.00% (33 / 33)	100.00% (103 / 103)
modules/applications	99.28% (138 / 139)	93.65% (59 / 63)	100.00% (26 / 26)	99.21% (126 / 127)
modules/audit	100.00% (14 / 14)	100.00% (4 / 4)	100.00% (5 / 5)	100.00% (13 / 13)
modules/listings	100.00% (173 / 173)	94.57% (87 / 92)	100.00% (29 / 29)	100.00% (167 / 167)
modules/notifications	96.97% (64 / 66)	100.00% (27 / 27)	84.62% (11 / 13)	98.33% (59 / 60)
modules/settings	100.00% (15 / 15)	100.00% (4 / 4)	100.00% (3 / 3)	100.00% (15 / 15)
modules/tests	97.59% (324 / 332)	91.71% (166 / 181)	100.00% (75 / 75)	100.00% (277 / 277)
modules/users	97.42% (264 / 271)	93.64% (103 / 110)	95.24% (40 / 42)	97.72% (257 / 263)
utils	100.00% (12 / 12)	100.00% (2 / 2)	100.00% (4 / 4)	100.00% (9 / 9)

3. How it was measured

```
cd server && npm run test:coverage
cd client && npx vitest run --coverage
```

CI (`.github/workflows/ci.yml`) runs coverage on every pull request.
